## Are you getting the most out of your home's heating and cooling system?

*You've taken care to select reliable, long-lasting heating and cooling equipment for your household. Take that attention to quality one step further by choosing an Amana® brand ARUF Air Handler for your home's indoor comfort system. Amana brand air handlers can enhance your home's heating and cooling system by providing your family with reliable, efficient comfort for years to come.*

### Amana brand Air Handlers

An air handler is an often overlooked, yet essential part of your central heating and cooling system. The air handler is the indoor portion of your "split system".

The Amana brand ASPT Air Handler features a direct-drive high efficiency blower motor reducing the likelihood of hot and cold spots in the house.

### A critical component to maximum comfort

The ALL-ALUMINUM Evaporator Coil is constructed from aluminum tubing, fins and panels, to give you a single metal solution for outstanding, time-tested, heat transfer performance properties. If you're looking for an evaporator coil that offers enhanced durability, coupled with enhanced performance, this is the product for you.

### Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

### Long-lasting, AHRI-certified performance

The Air Conditioning, Heating and Refrigeration Institute (AHRI) rates the heating, ventilation and air conditioning (HVAC) industry's standards for performance and efficiency. When you use Amana brand air handlers, you get AHRI-certified performance, as well as premium quality, reliability and comfort.

**The SmartFrame™ Sub-Structure –**

At the core of the new design is the SmartFrame inner skeleton. This skeleton not only adds lateral stability to the chassis, but also provides a mounting location for all internal components and provides additional insulation retention.

- 21” depth for easier attic access
- Foil-faced insulation internally covers the entire blower case reducing operating sound and cabinet condensation potential
- Coil-mounting track for quick 4-way, multi-positioning

## PREMIUM WARRANTY\* PROTECTION

\* Complete warranty details available from your local dealer or at [www.amana-hac.com](http://www.amana-hac.com). To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

## Amana® brand ASPT Air Handler advantages:

### Standard Features

- 1.5- to 5-ton blower capacities
- Up to 16 SEER
- All-Aluminum evaporator coil
- Factory-installed filter rack
- Direct-drive, multi-speed motor
- Transformer and blower time-delay
- Multiple electrical knockouts
- AHRI Certified; ETL Listed

### Cabinet Features

- Easily convertible multi-position capability: upflow, downflow or horizontal
- Glue-less cabinet insulation retention
- Foil-faced insulation internally covers the entire blower case reducing operating sound and cabinet condensation potential
- Easy single-bulb UV light compatibility
- Screw-less sides and back further reduce cabinet condensation potential

- Rigid SmartFrame™ cabinet
- 21” depth for easier attic access
- Galvanized leather grain-embossed finish
- Coil-mounting track for quick repositioning
- Tool-less filter access

## AMANA BRAND QUALITY

Americans have been relying on long-lasting Amana brand products since 1934, when Amana, Iowa, native George Foerstner accepted the challenge of building a dependable beverage cooler. Since then, the Amana brand has enjoyed many firsts, including developing the first cold storage locker, being the first manufacturer to nationally market an upright freezer for home use, and introducing the first portable counter top microwave oven.

From the technology behind our Million-Air® heat exchanger to the inclusion of high-quality filter driers in each of our air conditioners and heat pumps, we remain committed to the Amana brand's legacy of providing consumers with premium heating and cooling products that are built to last.
